

Scoring Rules

Tie Breakers:

1st: Total Points in Championship Game

2nd: Most Teams in Final Four

3rd: Most Teams in Elite Eight

Note: ALL ties are broken. So if you are tied for 1st and you lose because of a tiebreaker, you drop down to 2nd etc...

Three (3) types of scoring:

1st: Points for each team in each round that you pick to win progressing through each round.

2nd: SEED FACTOR (hidden points). If you pick Seeds 10 thru 12 and you beat a higher seed, you get two (2 extra points). If you pick seeds 13 & 14 you get (4 extra points). If you pick Seeds 15 & 16 , you get (6 extra points). I have assigned these points into the program and the only place they show up is in your total points in the tournament standings there is NO other place that these show up. Thus, "hidden points".

3rd: UNDERDOG POINTS are points that you get if you pick an underdog to beat a favorite. These points also progress in each round.

Any questions? Call me or E-Mail me I will be glad to answer.
